DNA  
SAMPLE

Attach several strands of hair with roots and  
follicles intact

Taking a Hair Sample:

Using a clean brush or comb used only by your  
child, brush or comb your child's hair. Remove  
From the brush or comb several strands of hair  
with a follicle at the end.

Place the hair on a piece of tape and attach to the  
card.

## If Your Child Turns Up Missing

Immediately report your child missing to your local law enforcement agency. Give law enforcement investigators all information you have on your child including fingerprints, photographs, complete description and circumstances related to the disappearance.

For more information about child safety, please contact the Delano Police Department at (661) 721-3377.

Please also visit:  
National Center for Missing and  
Exploited Children  
<http://www.ncmec.org>

Please remember to keep  
this in a safe place.
